Texts and Course Materials

There is no textbook required. Readings will be provided as supplemental readings in Word or pdf format that can be either viewed in Canvas or downloaded to the student's device.

Course Policies

The course is an online course, divided into six modules (each with one or two topics), six quizzes (one per module), and a final exam.

Students are encouraged to contact me should you have any questions at all about the class – no question is “silly” or a bother for me to answer, and it’s likely that other students may have the same question as you, so please don’t hesitate to ask!

The entire course will be made accessible to students via Canvas at 12:01am on the start date – thereafter, the student may work at his/her own pace, completing the quizzes and the final exam by the class end date.

The course must be taken in the sequential order of modules. Students should first view each module's PowerPoint presentation(s), then complete the supplemental readings, watch the recorded mini-lecture, and only then attempt the related quiz.

Class reading material is comprised of:

1. Lectures delivered in the form of PowerPoint slides – the slides are both downloadable and viewable in Canvas and will remain accessible throughout the course.
- 2.) Supplemental readings in the form of Word and pdf files and found within that topic's module in Canvas – the slides are both downloadable and viewable in Canvas and will remain accessible throughout the course.

Students are also responsible for the college policies included on the [Student Regulations](#) page of the Maricopa Community College District website.

This course uses key Maricopa systems for course management and communication.

- Canvas Learning Management System
- Student Maricopa Gmail Account
- Maricopa Open Educational Resource Learning System (MOER)

Streaming Media/Audio/Video Tools

This course uses lecture capture systems YouTube, and possibly other streaming media services.

Generative Artificial Intelligence (AI) Policy

The World Economic Forum defines generative AI as “a category of artificial intelligence (AI) algorithms that generate new outputs based on the data they have been trained on. Unlike traditional AI systems that are designed to recognize patterns and make predictions, generative AI creates new content in the form of images, text, audio, and more.”

Some examples of generative AI tools include but are not limited to: ChatGPT, Google Gemini, Microsoft Copilot, Stable Diffusion, GrammarlyGo, and Adobe Firefly.

No Generative Artificial Intelligence (AI) Allowed

In this class, all work submitted must be your own. The use of generative AI tools will be considered academic misconduct (see Administrative Regulation 2.3.11 1.B(b)) and will be treated as such. If you are unsure if the tool or website you are using is a generative AI tool, please contact the instructor for further clarification before using the tool or website.

Student/Instructor Interaction

In this course you can expect regular and substantive interaction (RSI) that aligns with Scottsdale Community College’s mission to provide challenging and supportive learning experiences and the US Department of Education’s requirement for regular and substantive interaction (RSI) for online courses. My commitment to your success includes the following:

- Being available during regularly scheduled office hours as stated in the syllabus.
- Sharing information about the course materials, including key information, explanations, examples, and resources via in-person, recorded, and/or text-based lectures.
- Promptly responding to student questions about the course sent via email or the Canvas inbox.
- Posting announcements about the course content and activities.
- Monitoring your academic progress and communicating concerns, as needed.

Response Time

Students can expect a response time of a couple of hours for the instructor to respond to messages sent via the Canvas Learning Management System or by email, with a response within 24 hours in nearly every instance. Once students have completed their quizzes and the final exam they will immediately be able to see their grade for that assignment. Grades will be accessible throughout the length of the class.

Tutoring

SCC's tutors are available online to help with your courses. You may work with an SCC tutor remotely using Google Meet, your phone, or email. Visit the [Tutoring & Learning Centers](#) page for detailed information on the five learning centers' hours and procedures.

If you need to work with a tutor outside regular hours, online and hybrid students now have access to a 24/7 online tutoring service called Brainfuse. To access Brainfuse and begin working with a tutor, visit the [SCC Online Tutoring Services Through Brainfuse](#) page.

MCCCD Policies

MCCCD is committed to providing a safe, fair, and accessible environment for all students. This includes laws such as the ADA and Title IX, which protect against discrimination. These statements explain your rights, available support, and where to go for help or more information. Please review the following policies:

Classroom Accommodations for Students with Disabilities

In accordance with the Americans with Disabilities Act (ADA), the Maricopa County Community College District (MCCCD) and its associated colleges are committed to providing equitable access to learning opportunities to students with documented disabilities (e.g. physical, sensory, neurological, chronic illness, mental health, learning disabilities, or other health concerns). If you require accommodations for this course, please contact [Disability Resources and Services](#) (DRS) at your college.

Contact with [DRS](#) should be made as soon as possible to ensure academic needs are met in a reasonable time. Additional information can be found in the [Non-Discrimination Statement](#) and [MCCCD Non-Discrimination Policies](#).

[Addressing Incidents of Title IX Sexual Harassment](#)

Students are responsible for the information contained in this syllabus, the Syllabus page in your Canvas course and the **College Policies & Student Services** page found in the First Steps module of your Canvas course. Students will be notified by the instructor of any changes in course requirements or policies.
